

Business and Economics

Extension Activity for Year 10-12 Students

The Viewpoint Monash Economics Debate is back for 2013!

Hosted by the Faculty of Business and Economics, in collaboration with Debaters Association of Victoria, Viewpoint is an exciting debating competition for Victorian secondary students in Years 10 to 12.

Viewpoint gives students who are interested in economics the opportunity to come together and discuss current economic issues and topics from the VCE Economics Semester 1 study design. And it's free!

All VCE students from across Victoria are welcome to enter. Students don't need to be experienced debaters or be studying economics to compete. They just need an interest in economics, economic issues or debating!

How it works

Schools from Victoria can enter up to two teams per school. Students don't necessarily need to have debating experience or be studying economics. They just need to have an interest in economics or debating.

During 'The Rounds' participants compete in a round-robin session of three debates per team, before the winning teams move into the semi-finals. Debates are judged on both the students' debating skills as well as their economic knowledge. Grand Final winners receive a trophy, and all competitors receive a certificate of participation.

Master Class

On the day of 'The Rounds', students will also participate in an exclusive master class run by Monash staff members. The master class will help students improve their public speaking and debating skills and give them the chance to learn more about the opportunities for studying economics at Monash.

Check out our website for updates on our master class!

Register your school now

Teachers can register up to two teams from each school. Each team should have a minimum of three members (maximum of six), and all team members must be from Years 10 to 12.

Register online by Friday, 8 March 2013 at www.viewpoint.monash.edu/register

While not mandatory, students should be accompanied by teachers where possible. Parents are also welcome to attend 'The Rounds' and the Grand Final.

Students should attend this event in school uniform, if the school has one.

"The Viewpoint debate was a great experience. I learned a lot about current economic issues and really improved my debating skills."

Alex,
Year 11

"I'm studying VCE economics, so the Viewpoint debate was a fun way to put what I'm learning into practice."

Kate,
Year 12

"I had a fantastic day and all the teams were really well-prepared and presented interesting arguments."

Zain,
Year 11

"Viewpoint was an interesting experience. I've never been on a debating team before, but it was really easy and a lot of fun."

James,
Year 12
